

SKILLS

Deployment and administration of on-premise **Kubernetes** clusters and containerized workloads with **Docker**. Virtualization on **Proxmox**. Infrastructure as code with **Terraform** and Ansible. **Windows Server** administration (AD, GPO, Exchange) and **Linux** fleet management (Fedora, Ubuntu, Debian). Network configuration and segmentation (VLANs, Cisco, Aruba, Arista, UniFi). Monitoring stack deployment (**Prometheus, Grafana, ELK**). **CI/CD pipeline automation with GitLab** and Python/Bash scripting. MDM management (Intune, Apple Business Manager). Cyber-Safe security certification, GDPR compliance.

VIRTUALIZATION & ORCHESTRATION

Kubernetes (K8s)

Docker / Compose

Proxmox

VMware vSphere / ESXi

Vagrant

INFRASTRUCTURE & NETWORK

Windows Server / AD

Linux

Cisco / Aruba / Arista

Ubiquiti UniFi

Azure / AWS / GCP

MDM (Intune / ABM)

macOS (ABM)

AUTOMATION & MONITORING

Ansible

Terraform

Git / GitLab CI

Prometheus / Grafana

ELK Stack

Python / Bash

- PROFESSIONAL EXPERIENCE
- 2023 - 2024

SysAdmin

eeproperty

Built IT department from scratch (0 → 30 AD users, VLANs, MDM, 3CX on Debian), on-premise Proxmox virtualization alongside Hidora cloud for specific use cases

Cyber-Safe certification after external audit, first structured device management in company history

Autonomy & initiative

Project Leadership

Training & awareness

Vendor management
- 2020 - 2021

IT Trainee

Nestlé

Versatile mission in a global corporate environment: IT support, live streaming, COVID remote solutions, web development

Process automation (Power Automate) and Power BI dashboards

Adaptability

Versatility

Corporate environment

Multi-project

- EDUCATION
- 2022 - 2026

Bachelor's in Networks and Systems

HEIG-VD
- 2021 - 2022

Professional Maturity

CEPV - Architecture and Life Sciences
- 2016 - 2020

IT Apprenticeship (CFC)

ETML
- 2015 - 2016

Pre-apprenticeship

ETML
